This week we have our Syndicate Cross Country at Waianiwa on Friday. Please see over the page for more details. Please note there has been a change of date for the Central Cross Country for those students who qualify which is now being held on Friday the 16th of June in Dipton.

On Saturday we all attended a workshop in Gore with Nathan Wallis, who until recently lectured in Human Development at the University of Canterbury, Christchurch, New Zealand and was also a board member and senior trainer with the highly respected Brainwave Trust. He now runs workshops with the goal of facilitating easy to understand professional development training reflecting the latest neuroscience discoveries and their practical implications. Nathan is an excellent presenter and it was great to learn in more depth the development of the brain and the impacts of this on education and learning.

Well done to those school basketball and hockey teams and everyone playing Winter sport, it's good to hear about you all having a great start to the season. Have a great week and all the best for Cross Country.
